Singles:	Three Twenty-one (21) shot games per day.
Rules:	Bowls USA Laws of The Sport Of Bowls (current edition) apply

Trial Ends: Up to four bowls each way, every game (as determined by the Tournament Director). There will be no practice bowls prior to trial bowls.

Speed of Play:

In order to maintain a time schedule for play, skips are asked to keep visits to the head to a minimum so that Rule A.4 does not have to be enforced.

Substitutions:

There will be NO substitutions once play has commenced per Law 108.1, 2015 edition of the Laws of the Sport of Bowls. Substitutions before the start of play are permitted if selection and approval is completed by the Playdowns Director before the published start time on the first day of the Playdowns. It is understood that last minute substitutes may not have the approved matching attire on the first day and are excused of that requirement for the first day only. The substitute will be required to read and sign an entry form before the start of play.

Scoring:

Each team will receive: 3 Points for a Win
 1 Point for a Tie
 0 Points for a Loss

During regular round-robin play, all 18 Ends (Pairs) and 21 Shots s (Singles) **MUST** be played. (No abbreviated games).

Note:

If, for any reason, any player of a team or singles player must drop out, the team must withdraw. Per law 108.5.1 and 2, all completed games shall be recorded per the points earned, win or loss. For games not completed or **not** played, the team receiving the “forfeit win” will receive three (3) game points and given the average score of the winning teams of the other matches played in that round of the competition.

Ties:

If, upon completion of the round robin:

- Two teams are tied for first place; an 8 end pairs and 12 shot singles play-off will be used to determine a winner.
- Three teams are tied; the team with the highest plus differential between shots for and shots against will sit out while the other two teams play an 8 end pairs and 12 shot singles play-off will be used to determine a winner. (If all three teams have the same plus differential then a blind draw will be used to determine which team sits out). The winner will play the waiting team to determine first and second.
- Four teams are tied; positions for play will be determined by the difference between shots for and shots against, as above. Play will be: 1 vs 4, 2 vs 3. The winners will play for first and second.

Ties in a Pairs Playoff game: The skips will toss a coin to determine who goes first and an extra end will be played immediately from where the previous end was completed to determine a winner and a runner-up.

Note: If at the completion of the round robin there is a clear winner but two or more teams are tied for second place, then the same sequence of games will be used but the games may be shortened at the discretion of the Playdowns Director. At the end of the Playdowns, there must be both a winner and a runner-up for each event. If the winner is unable to attend the National Championships, the runner-up will replace the winner.

Dress Code:

Southeast Division Hall of Fame

The following are the procedures for the annual nomination, election, and induction into the Southeast Division Hall of Fame (HOF). As a division award, the HOF honors SED members for: (a) outstanding bowling achievements at the division, national and international level, (b) and off-the-green contributions to the Southeast Division that help create a foundation for successful bowlers and clubs and advance the sport of lawn bowls.

The Southeast HOF recognizes achievements and contributions during the time the bowler is/was a member of the SED. However, success as a member of another division is not a consideration. The HOF is open to bowlers who are active, retired or deceased. US citizenship is not required. This recognition does not duplicate recognition by the Bowls USA Hall of Fame.

Procedures and Timeline

1. Club

- a. The process for this prestigious honor begins with the club, which identifies strong candidates according to the HOF "Guidelines" made available to clubs.
- b. A club can nominate up to two candidates each year, plus any posthumous nominees.
- c. Prior to nomination, the club evaluates candidates based on their success and contributions at the division level and higher as well as their character and sportsmanship on and off the green. While a bowler's club-level accomplishments and contributions are given consideration, they alone do not meet the standard of the division Hall of Fame.
- d. Each club will devise its own review mechanism, e.g. an ad hoc committee, but it should include an action by the club that formally nominates a candidate for the HOF. [Note: A nomination is not an election but an important step in the process. The SED Executive Board is the body which votes to induct members.]
- e. The club informs the HOF Committee chair of the names of its candidates who will receive an on-line Candidate Form from the committee to fill out and submit beginning Nov. 1 and not later than Dec. 15. The club in turn receives a copy of the completed form for its record.
- f. Changes/Updates to the nominee's application must be made by the club to the HOF Committee by Jan. 1.
- g. Following the Executive Board meeting (Section 3 below) to select inductees to the HOF, the Club President informs its nominees of the results of the vote after receiving notice from the SED Secretary.
- h. Club displays a Hall of Fame plaque provided by the SED for honoring its inductees.

2. Hall of Fame Committee

- a. SED president appoints the committee members. A technical advisor may be appointed to work with the committee.
- b. In early fall, the committee informs SED clubs about the annual HOF process and timelines.
- c. Committee chair acknowledges receipt of all applications to club presidents and requests additional candidate information, if needed.
- d. Committee evaluates all applications and presents its recommended HOF nominees with their documentation to the SED Secretary and President by Jan. 15.

3. Division

- a. Secretary includes HOF on agenda of a Special Meeting of the Executive Board, held no later than Feb. 7, and provides voting members with all HOF documentation at least one week in advance.
- b. SED Executive Board votes by written ballot. Modifications may be made for electronic voting. Election of inductees is decided by a majority vote of members present. Board ensures equitable treatment for both men and women.
- c. Secretary informs club presidents of the results within one week of the meeting.
- d. HOF Committee chair sends a congratulatory letter to new inductees within two weeks of the meeting with information about the induction ceremony's time and place.
- e. HOF Committee chair prepares plaques and pins for inductees. A perpetual plaque is presented to the club for display with inductees' names.

4. Induction ceremony and presentation of awards to take place at the SED Men's and Women's Open in March.

5. General considerations and conditions

- a. The SED Executive Board reserves the right to nominate candidates, respecting the same candidate and nomination process as clubs.
- b. A nominee not approved will be considered for induction for one additional year without need to resubmit the candidate form.
- c. The SED may induct up to four nominees in a year, plus any posthumous recognition.

Appendix A: Notes regarding the Clearwater Venue

Rinks need to be swept before play begins each morning. The morning sweep takes 45 minutes to an hour. Rinks must be swept between games. This sweep takes 15 minutes.

Rinks need to be free of puddles before they can be swept. Drainage times vary depending on conditions. Work closely with the greenskeeper to establish start times.

To aid in draining open all shutters, lift the tarps at the parking lot end, use towels to soak up small puddles.

This venue currently has 14 rinks.

Appendix B: Markers' Instructions

- Arrive wearing appropriate white attire.
- Spray chalk is preferred. Spray on the running surface only.
- Learn the logos on the players bowls when you make introductions.
- Center the jack.
- Markers are required to question a jack that may be too short. (Minimum 21 meters)
- Spot the jack 2 meters (6 feet 6 inches) from the front ditch if it is delivered within that distance.
- Immediately mark touchers.
- Put dead bowls on the bank.
- Mark the sand in the ditch to show resting position(s) of a live jack and any live bowls.
- Never block a bowler's vision of a rink marker.
- When jack is being delivered the best place to stand is on the bank above center line.
- During play the ideal position to stand is 5-7 feet behind the jack. (unless players request otherwise.)
- DO NOT MOVE!
- DO NOT walk towards the head to look it over unless a player requests information.
- When a player asks if s/he is holding shot, it is often wise to signal "it's a measure" unless it's clearly obvious. Giving wrong information can be disastrous.
- In general, do not volunteer information, but when a player asks a question don't make them continue asking related questions. "You're up two" is better than "You're up".
- Whenever possible use hand signals.
- Keep pace with the players.
- Do not allow yourself to be distracted from the game you are marking.
- Remain totally impartial.
- Give your constant attention to the head, players and adjacent rinks where you're assigned.
- DO NOT engage the players in conversation.
- Only chat with the players if they initiate it.
- Inform neighboring rinks of an imminent running shot.
- STOP an incoming bowl or any other neutral object from an adjacent rink if it is likely to disturb the head on your rink.
- However, DO NOT stop or catch the jack or bowls which are about to enter the ditch.
- Be prepared to return a displaced live bowl or jack to its previous position if necessary (see #9).
- Only the players may ask for an umpire to be brought in.
- After a match, report to the head marker or Tournament Director for your next assignment.

Thanks for marking!!!

Singles matches are impossible without your generous and knowledgeable service!
